

"To Do Ill Costs More Than To Do Well."

This might properly read, "It costs more to BE ill than to BE well." The source of all health is rich, strong blood. It is to the body what the mighty streams are to the earth. If the blood is pure, the body thrives; if the blood is weak or impoverished, then every pulse-beat carries weakness instead of strength. Why make the cost of living more than it need be? Purify your blood and give your constitution a chance to do its level best. The only perfect blood purifier and vigor-maker in existence is the world-famed Hood's Sarsaparilla. It brings good, perfect health. It never disappoints.

Dyspepsia—Nothing relieved me of my dyspepsia until I took Hood's Sarsaparilla. It cured me and I can eat three good meals every day. I give it to my children every spring. Frank Pomeroy, 437 South Penna Street, Indianapolis, Ind.

Scrofula—My wife was afflicted with scrofula for fifteen years. Scabs formed on her face. Her skin was rough, itching and burning. Six bottles of Hood's Sarsaparilla worked a complete cure. M. E. Stevens, Charlotte Center, N. Y.

Run Down—I am a wounded veteran of the civil war. I get all run down by spring time and am unable to work. Hood's Sarsaparilla always cures me. My wife praises it for curing nervousness and rheumatism. J. A. Robinson, Colchester, Conn.

Asthma—I was troubled with asthma for many years, being worse in spring and fall. No medicine availed until I took Hood's Sarsaparilla which completely cured me. Many others have of my cure and they use Hood's. C. L. Kroger, Etta, Ohio.

Rheumatism—My husband has been greatly benefited by taking Hood's Sarsaparilla for rheumatism. I take it when weak and worn out as it is the best. Mrs. M. Leary, 516 Waverly Ave., Brooklyn, N. Y.

Catarrh—I was a sufferer from catarrh and sore throat and could not eat without great distress. I tried Hood's Sarsaparilla, felt better, continued to gain and have been greatly benefited. Mrs. E. R. Pickens, 355 Union Ave., Lacombe, N. H.

Blindness—About four years ago my boy lost his sight, after whomoping cough. Eyes were bloody and watery for months. As a last resort I tried Hood's Sarsaparilla. Four bottles brought back his sight and nine cured him completely. Mrs. R. Resner, 70 Walnut Street, Buffalo, N. Y.

Stomach Trouble—Two years ago suffering with stomach trouble made me weak, run down, with severe nervousness. Life was a burden to me until I took Hood's Sarsaparilla which cured me. It makes my children strong and healthy. Mrs. M. Bacon, 611 24 St., N. E., Minneapolis, Minn.

Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.

THREE COWBOYS

CHARGED WITH FORGING CHECKS AT RUSH SPRINGS, O. T.

Last night when the Rock Island train pulled into Wichita, Park Massey and Harry Sutton climbed on and gathered up three men charged with the forging of large checks at Rush Springs, O. T. Their names were Tarkenton, McGinnis and Blaine. The officers acted on advice of the chief of police of Rush Springs, O. T., who sent a telegram just ahead of the train. The telegram stated that the men had three guns each and were cowboys. They appeared nervous, but said they would go back to Oklahoma without resistance.

The officers took \$100.00 from the men and put them in the city jail, where they will remain until the Rush Springs officers come after them. They are charged with forging checks at Rush Springs.

GOT NINE OF THEM

Story That Bicycle Ordinance Will be Tested in District Court.

Dr. W. W. Cave, with eight others, paid fines yesterday for violating the bicycle ordinance on charge of failing to dismount when meeting a pedestrian on the sidewalk. Dr. Cave promptly paid in his dollar, as did most of the others. It is understood an agreement was entered into last night between several of the alleged offenders of the ordinance by which they will appeal their cases to the district court and cause the question that Police Judge Mitchell is not legally a police judge and has no right to impose a fine. Some of them think the police force is getting too big in making arrests. Dr. Cave says he got off the walk fifteen feet in front of the man.

Some attorneys gave it as their opinion last night that should the courts decide that Judge Mitchell is not legally a police judge the city would be liable for damages in each case for violating the ordinance. Frank Pomeroy, one of the offenders yesterday, will appeal his case and raise the question of the constitutionality of the bicycle ordinance. He is said to have been very warm under the collar when Police-magistrate Osborne picked him up and marched him to the police station.

Police-magistrate Osborne arrested Ernest Graham, H. L. Haring, H. Sample, Dr. J. W. Wells, Frank Pomeroy, Police-magistrate Osborne, Cash Pomeroy, Dr. Cave, A. G. McCormick and Max Overly.

One man was so mad that he heaped all kinds of imprecations on the heads of the city ordinance makers, and vowed that he would turn everything wrong side out next election.

Chief of Police Jones is going to enforce the ordinance, no matter what kind or how many obnoxious people bring against it.

DEAL IS CINCHED

Lehman & Higginson Secure Ground for Building.

DR. PURDUE BUYS A HOME

People Who are Buying Residence Properties.

Perhaps the most important real estate deal made for some time, considering the motive of the purchase, was the purchase yesterday by the Lehman-Higginson Grocery company. The building of their immense wholesale house hinged on the question as to whether or not they could secure sufficient room and at the same time obtain certain alley privileges between Douglas avenue and English street, and also between the Santa Fe and Rock Island tracks, without which it would be impossible for them to use the location. They have now secured the following described ground, where they intend to erect one of the largest wholesale houses in Kansas. The tract and the persons whom purchased are as follows:

From the Mutual Real Estate association, 11823 feet, commencing 20 feet south and 70 feet west of the northeast corner of southwest quarter of section 21, township 27, range 1 east, and the right to use an alley. Also 1841 feet, commencing at the southeast corner of lot 16 Douglas avenue, English street addition, all for \$1000.

From John E. Frost, the east 32 feet of lot 9 and 11, Fifth avenue, English's Second addition, \$500.

From Otis A. Keach, lot 3, and west 100 feet of lot 11, Fifth avenue, \$1.

From J. G. Osborne, lot 1, 2 and 5, Fifth avenue, \$100.

From James H. Stewart, 120x312 feet, commencing 18 feet south of the southeast corner of lot 105, Douglas avenue, \$100.

The above purchases give the Lehman-Higginson people ample room and a splendid location for their new building. It will not only be handy to both Rock Island and Santa Fe tracks, but will be of easy access from the city, and visiting customers can reach them easily.

Mr. Higginson, in conversation with a reporter for the Eagle, said the company would not begin building immediately, but their ability to secure this desirable ground made the undertaking a certainty.

As soon as Mr. Lehman returns from Europe, which will probably be the latter part of the summer, they will begin figuring with contractors, and the building will probably be erected next fall, though it might be delayed until next spring, should conditions not prove favorable for building next fall.

Dr. Purdue has bought the home where he has lived for some time, corner of Tenth and Topeka avenue, paying \$4200 for the same. It is an excellent location, being in one of the finest residence blocks on Topeka avenue, and a corner property. The residence is a two and one-half story frame, and is a modern home throughout, with a beautiful lawn and many outside attractions. The lot is 75 feet front, with stone curbing on each side. Dr. Purdue is already improving the property and will make it still more beautiful. A new barn is now being built. He bought the property direct from the owner, Mr. Salspach of New York state, and is said to have got a splendid bargain.

Mrs. Emma L. Calton has purchased the home of Mrs. Hannah M. Wroughton on Exposition avenue, Lawrence's Third addition, paying \$500 for it.

L. W. Clapp, always on the lookout for bargains in the realty line, succeeded in getting a good one yesterday when he purchased the property of Mrs. Lucy L. P. Codman on Topeka avenue, known as lot 14, in Mead's addition. The price paid was \$2000.

George A. Poppleton bought the home place of Horace W. Porter on Waco avenue, Waterman's addition, paying \$55 for it. He purchased it for a home and will improve it.

Several new houses were started this week and the building boom has been even more lively than the transfers of ready-made homes. A fine cottage is going up at the corner of Walnut and Lawrence, and Mr. Speare is building a new addition to the boarding house conducted by Mrs. Houck at 237 North Market street.

The addition will be full two stories and fully as large as the original house, giving Mrs. Houck double the room she has at present. The addition will also add much to the appearance of the present building.

The list of real estate transfers for today contains a number of smaller deals, which goes to show that people are buying up all the vacant lots and cheap places about the city.

GERALD VOLK WILL KICK

Because the New Patriotic Hats are Not of Like Color.

Councilman Gerald Volk is going to register a kick against the purchase of the new Patriotic hats which the policemen have been supplied with for the summer. Last night he happened to see officers Rembert and Fox wearing the new hats. Calling Councilman James Burton, Mr. Volk proceeded to serve notice that he would object to the bill for the hats when it is presented to the council.

"Why will you do that?" asked Mr. Burton, rather surprised.

"Simply because the hats are not the same color," indignantly replied Mr. Volk. "I believe in having things systematic. Now, what's the reason these hats could not have been of the same color?"

"Because," said Mr. Volk, "one is for the night policemen and the other is for the day police; don't you know nothing?"

"Well," said Mr. Volk, "now will it be when the policemen shift for day and night work—change hats, I reckon, and if the hats don't fit, they'll have to change hats, I suppose?"

Then Mr. Rembert and Mr. Fox got interrupted, while the crowd began to yell. The policemen were stood aside by force, and it was very hard to push them back. The difference in the colors of the hats, Mr. Volk being not a little better shade of gray. But the difference was sufficient to give Mr. Volk a chance to take his stand on the side of the city treasury.

SURPRISED MISS LYON
